## Daily Thought.

"Do not let well enough alone, but  
stay by it, work with it, and make its  
rule perpetual."

## THE CITY'S LOSS.

Now, that it is all over, the smoke  
has cleared from the field of battle  
and we can see positions lost and  
gained, can estimate the strength of  
the enemy and our own weakness,  
count the slain and missing, and in  
every way "find out where we are at."  
The Sun has one heartfelt regret to  
express, and that is the failure of  
the park bond issue. With the others  
who were for the parks, writing for  
them and speaking for them, our  
mind has retained the fancy of green  
shaded lawns and broad driveways  
around Paducah, the pride of citizens,  
the delight of visitors and a blessing  
to the poor. These parks are not to  
be—yet. But, after all, perhaps the  
vigorous campaign waged in their be-  
half may bear fruit at a later day.  
There was never an idea more free  
from guile than the park bond issue.  
The water contract, which also was  
voted on at this election, was a busi-  
ness proposition promising to save  
the citizens nearly \$100,000, and as  
a matter of interest to the people The  
Sun explained the proposition as  
clearly as possible. Then it was up  
to the voters. If they desired to  
save the city money by the contract,  
well and good; if not it was their  
own affair. But the park improve-  
ment plan was evolved by members  
of the board of park commissioners  
who saw future development in all  
sections, the adornment of the city  
and an increase in residential values  
following the construction of the am-  
bitious park and boulevard system  
devised by them. Larger cities are  
now carrying out just such ideas,  
only the execution is costing mil-  
lions, where it would cost Paducah  
thousands; because the cities have  
waited too long. And the citizens of  
the great cities will tell you so. Pa-  
ducah is bound to grow; she is grow-  
ing. The park bond proposition was  
inaugurated too late to win. It be-  
came confused with other issues—  
purposely confused by some people.  
A municipal ownership issue was  
raised out of season, and the asper-  
sion of corporate interest was cast on  
the park bonds a charge as unjust  
as it was consciously false. Bond  
issues are always doubtful. A two-  
thirds majority is necessary, and it is  
difficult to win with a bond issue  
as it is for the lawyer prosecuting a  
close criminal case to secure a con-  
viction. The advocates of the bond  
issue must prove their case beyond  
the shadow of a doubt. For that rea-  
son, it is advisable to start the cam-  
paign a year in advance of an elec-  
tion, so that the people may digest  
the plan, study its benefits, and de-  
cide how they will vote before other  
questions are precipitated into the  
discussion. We do not believe that  
the people of Paducah fail to realize  
the deficiency of the city in attractive  
parks and pleasure grounds; nor do  
we believe they can not appreciate  
the value morally, esthetically and  
materially of a well planned park  
system. But many of the people

were in doubt, and when it comes to  
a matter of spending money, the nat-  
ural course is, when in doubt vote  
"No."

## PADUCAH IS HONORED.

The nomination of Attorney John  
K. Hendrick for attorney general,  
and the splendid race he made, are  
gratifying to all Paducahans, re-  
gardless of party affiliations, and he  
has been a busy man all day receiv-  
ing congratulations. The city, the  
county and the district gave him a  
handsome majority, and Louisville,  
Lexington, and all parts of the state  
contributed generously. Mr. Hendrick  
has always been a faithful and en-  
ergetic worker for his party. He serv-  
ed as congressman from this district  
one term, and made a good showing  
in the race against Beckham for the  
Democratic nomination three years  
ago. His withdrawal on the eve of  
the election, when his chances seemed  
very good, was the surprise of the  
campaign. The attorney generalship  
carries with it a salary of \$5,000 a  
year.

## THE SUN AHEAD, AS USUAL.

The Sun, as usual, had the first  
and most complete returns of the  
election, and the greatest crowd to  
receive them. By 7 o'clock all the  
city returns from the primary were  
in, and by 8 o'clock enough of the  
county returns to indicate that Mc-  
Creary had carried the county. The  
first city election news was in by 5:30  
and by 9 o'clock The Sun's bulletin  
flashed the election of Dave Cross and  
the entire Democratic ticket by plu-  
ralities ranging from 150 to 250.  
The Sun had unusually good facili-  
ties for getting the news, and beat  
its competitors a good way in the  
thoroughness and the promptness of  
its news. The news from the dis-  
trict, in the governor's and senator-  
ial races was in by 10 o'clock, and  
the general election news in a few  
minutes after.

## WILL BE SOME CHANGES.

The new general council will be or-  
ganized the first of the year, and the  
Democrats will have one majority on  
joint ballot, as they will have 0.30  
more member in the lower board  
than the Republicans. President  
Oscar Starks, of the aldermanic  
board, will go out of office, as will,  
also, President McBroom, of the low-  
er board. The latter office will go  
to the Democrats. This will give the  
Democrats the important chairman-  
ships. The city officers who are  
elected by the general council will be  
elected by the present board, and will  
be the only scraps the Republicans  
save from the pie counter.

Republican nominees who were de-  
feated in yesterday's municipal elec-  
tion have no excuse for any feeling  
other than that of pride in the show-  
ing they made. In the face of the  
600 Democratic majority, with a  
Democratic primary to bring out the  
party vote and line up the voters, and  
all the election machinery in the  
hands of the Democrats, they cut the  
majority down to approximately 200,  
while Judge Emmet W. Bagby re-  
ceived the attention due the head of  
the ticket, and led all the rest. The  
city can be congratulated that, since  
the Republican candidates are de-  
feated, the Democratic ticket is made  
up of material that promises a con-  
tinuance of the progressive policy of  
the present general council. No  
council ever before in the history of  
Paducah made as clean and business-  
like a record in 12 months as this  
one, and the new council has the best  
wishes of The Sun for an illustrious  
career in the good work so ably  
started by the old board.

Billboards are being abandoned  
by Uncle Sam as an advertising me-  
dium. When the present supply of  
lithographs expire the naval re-  
cruiting service will discontinue the  
pictorial display. Contracts with news  
papers, however, are being renewed.  
The governmental departments  
keep close tab on results and have  
discovered that newspaper advertis-  
ing, and that alone, pays.

Returns from Ohio indicate that  
President Roosevelt's daughter's  
husband has been returned to con-  
gress from the Cincinnati district.

## Goes to Meet Peary.

New York, Nov. 7.—Mrs. Robert  
E. Peary, wife of the Arctic explorer,  
left Washington today for Cape Bre-  
ton, N. S., to join her husband. Her  
son accompanies her. According to  
dispatches received here yesterday  
the explorer is going back for an-  
other polar dash next spring.

## What Johnson Did.

St. Paul, Nov. 7.—Governor John-  
son, Democrat, was re-elected by  
60,000 majority. Johnson secured  
the largest majority ever given a  
gubernatorial candidate in Minne-  
sota, which is normally Republican  
by 40,000.

## Now, for the Standard.

Washington, Nov. 7.—Attorney-  
General Moody announced today he  
would take up matter of Standard  
oil prosecution at once. It will prob-  
ably be in courts within two weeks.

## CLEAN SWEEP IS MADE IN COUNTRY

(Continued from page one.)

candidate.  
Hearst has been given a majority  
of nearly 70,000 in Manhattan and  
the Bronx, Queens county, which in-  
cludes Long Island City, has gone  
for Hearst by 6,000 to 8,000 and  
Richmond (Staten Island) also has  
given the Democratic candidate a  
plurality.

As it was generally expected  
Hearst showed his greatest strength  
in the cities throughout the state  
and took out of the Republican col-  
umn a number of the more impor-  
tant municipalities. Among the cities  
which gave Hearst a plurality were  
Buffalo, Rochester, Utica, Troy, El-  
mira, Rome, Little Falls and John-  
stown.

Hughes did not gain a single city.  
The Republican ticket was generally  
successful but sustained serious losses  
in Syracuse, Amsterdam, Ithaca,  
Watertown and Plattsburg.

## Judiciary Ticket Beaten.

Great interest centered here in  
New York in the campaign waged  
for the judiciary ticket, named by  
a committee of lawyers headed by  
Jos. H. Choate and former Judge  
Alton B. Parker. The Tammany and  
Independence League joint ticket  
has won over the non-partisan can-  
didates by big pluralities.

State Senator Thomas F. Grady,  
of Tammany Hall, has been re-elec-  
ted. In Schenectady, one of the best  
organized labor cities in the United  
States, it was expected that Hearst  
would have a substantial plurality.  
The Republican ticket was success-  
ful by 374 votes as against a Hig-  
gins plurality of 1,621 two years  
ago.

While both the state senate and  
the assembly will be strongly Repub-  
lican, Democrats are claiming that  
they have gains. The complexion of  
the New York congressional delega-  
tion, it is believed will undergo but  
a slight change if any.

## Landslide for Johnson.

St. Paul, Minn., Nov. 7.—Govern-  
or Johnson was re-elected governor  
of Minnesota by a large majori-  
ty ever given a Democratic candi-  
date in this state, estimated at 30,  
000 to 60,000. Very few accurate  
figures have been received as to the  
legislature but it is thought to be  
safely Republican.

## Republicans Sweep Michigan.

Detroit, Mich., Nov. 7.—Governor  
Warner and the entire Republican  
state ticket was elected by 60,000 to  
100,000 majority. Republican con-  
gressional candidates in all 12 dis-  
tricts were elected.

## No Joint Statehood.

Sanford, Nov. 7.—The joint state-  
hood for Arizona and New Mexico is  
overwhelmingly defeated by Arizona  
casting a three to one vote against  
the proposition, although New Mexico  
gave it a fair majority. Arizona  
turned down the proposition by 10,  
000.

## Claims Everything.

New York, Nov. 7.—While Hearst  
and his managers admit on the face  
of the returns received he is de-  
feated for governor, they insist that  
the next lieutenant governor, com-  
p-

## Tobacco Brown Cravats The Newest Yet

Always the first to show  
the new things, we have in  
today a shipment of the  
Tobacco Brown Four-in-  
Hand Ties, the very newest  
things out. They come in  
the 2½ and 3 inch widths,  
and are very handsome  
creations. They are 50c.

We also have the newest  
Bat-Wing Ties in the 2½  
inch width in solid colors  
in Bengaline, in blues,  
helios, browns, grays, pearl  
grays, lavender, green and  
black. They, too, are 50c.

troller, attorney general and possi-  
bly secretary of state will be Demo-  
cratic.

## Croker Is Pleased.

London, Nov. 7.—Richard Croker  
former chieftain of Tammany hall,  
today expressed his satisfaction at  
the defeat of Hearst. He hinted  
also he believes a change in the  
leadership in the Democratic party  
in New York is needed.

## California Republican.

San Francisco, Nov. 7.—Republi-  
cans elected the entire state ticket,  
eight congressmen and the legisla-  
ture.

## Democrats in Missouri.

St. Louis, Nov. 7.—Missouri is in  
doubt, but probably Democratic.  
Democrats apparently elected 12 of  
16 congressmen, regaining seven  
districts lost two years ago.

the nomination, which will no doubt  
be pulled off in April. The campaign  
was managed for the Democrats bet-  
ter this year than it has been for  
several years. However, when it  
comes to management, the Republi-  
cans show up the best as a glance at  
the Republican registration and  
vote indicate.

## Interested in New York.

Paducah was as much interested in  
New York, as it was in the election  
anywhere. All last night and today,  
as many queries of "how's Hughes,"  
as any for city or state news were re-  
ceived, and when the election of  
Hughes was assured the gratification  
of the inquirer was always apparent.  
Regardless of party or sex, for as  
many women phoned for the news  
as men, New York news was impor-  
tant as news from any source.

## The Majorities.

Cross' majority is 150. The lowest  
majority for alderman is that of Lit-  
tle who won by 103 over W. T. Miller,  
the Republican leader. The highest  
majority for alderman went to Han-  
nan, who won by 150 leading Stew-  
art 8 votes and Baker 10 votes.

## Good Telephone Service.

The Sun is under obligations to  
Manager A. L. Joynes, of the Cum-  
berland Telephone company for the  
efficient way in which he managed  
The Sun's election returns from the  
First congressional district. The Sun  
arranged with Manager Joynes to  
secure election returns in advance.  
By 10 o'clock last night The Sun had  
reached every county in the district  
and showed the authentic figures be-  
fore either of the other two papers  
had gotten one-third of the district  
in. The Sun received many compli-  
ments for the quick returns receiv-  
ed.

## Earthquake Dream Fatal.

Logansport, Ind., Nov. 7.—Conrad  
S. Kraut, a Southern Pacific railroad  
clerk, who was unharmed by the San  
Francisco earthquake, died this  
morning as a sequel to a nightmare  
recalling his experience. In his sleep  
he kicked the bed post so violently  
as to snap ligaments in his leg. Pneu-  
monia set in during convalescence.

## Famous Painter Dies.

Christiana, Nov. 7.—Fritz Thau-  
low, one of the greatest of Dutch  
landscape painters, known as the  
"painter of the stream, the snow and  
the night," died at Volendam, Hol-  
land, today.

## E. REHKOPF ABSENT NO MEETING HELD

Creditors Expect Session On  
Friday Morning.

President of Defunct Saddlery Com-  
pany Left City Sunday for  
Memphis.

## CREDITORS WANT SCHEDULE.

The creditors and trustee of the  
E. Rehkopf Saddlery company expect  
to meet Friday morning to have the  
schedule of assets and liabilities  
filed. This will be done provided  
Mr. E. Rehkopf returns to the city.

Sunday Mr. Rehkopf left the city  
for Memphis and has not been heard  
from since. The law says that no  
dividend to creditors can be issued  
until a schedule of assets and liabil-  
ities is filed. It is provided that in  
case the bankrupt does not file it  
himself, the court or the trustee may  
order one gotten up. It is much pre-  
ferable, however, to have the bankrupt  
himself do this as he is familiar with  
the property and liabilities. For the  
trustee to attempt to do so, would  
mean that he must hunt up every as-  
set and every liability.

A meeting was to have been held  
this morning, but his absence from  
the city made a meeting useless. At  
present, something over \$100,000  
claims have been admitted against  
the estate.

## MARKET MASTER

AMBITION OF MEN ALREADY  
IN THE FIELD.

Present General Council Will Elect  
Successor to Frank Smedley  
Next Month.

Already Republicans are out for  
the position of market master to suc-  
ceed Frank Smedley. Democrat,  
whose term expires next month. The  
old council will elect his successor  
and no cry of fire will prevent the  
Republican program going through.  
John Clark, a well known cigar man,  
and Charles Bell, brother of the alder-  
man, are active candidates.

## WHOLE BATTALION

Dismissed in Disgrace Because of  
Riot in Texas.

Washington, D. C., Nov. 7.—Un-  
precedented in the history of the  
army of the United States is the ac-  
tion of the president, just announced  
in dismissing in disgrace from the  
army an entire battalion of colored  
troops because of their failure to dis-  
close the identity of some of their  
number who took part in the riotous  
disturbance that occurred at Brown-  
ville, Texas, on the night of August  
13.

## JAPAN WIDENS SCHOOL LAW.

Period of Compulsory Education in  
Empire Extended Two Years.

Tokio, Nov. 7.—The period of com-  
pulsory education has been extended  
two years so as to include the ages  
from 6 to 12. The law goes into ef-  
fect in 1908.

## The Rigors of Cold Weather.

Probably at no time of the year  
does the physical condition of the  
body demand more attention than  
just at this season, the beginning of  
cold weather.  
Let the system be run down, or the  
blood impoverished to any extent and  
the cold weather goes hard with you.  
Naturally the thing to do is to  
get the circulation in good order, and  
the whole system toned up to stand  
the rigors of winter.

Some physicians prescribe the daily  
cold bath, others seek recourse in  
blood tonics and other stimulants,  
but, probably the most rational treat-  
ment of all is the Osteopathic, as  
Osteopathy more quickly, and more  
effectively rights the blood flow and  
restores normal conditions than any  
other known treatment.  
Osteopathy is only a natural  
treatment, a method of bloodless sur-  
gical manipulations to remove any  
obstructions interfering with the pro-  
per transference of nerve force, or  
natural blood flow, or the other flu-  
ids, to the organ or part involved.  
I should like to have you call and  
let me tell of some Paducah people  
whom you know well that Osteopa-  
thy has done much for, and also to  
tell you what it will do in your par-  
ticular case.

# CHEAP LOW PRICED SMALL HOMES

Near city, fertile, high, dry land, in best neighborhood;  
Have just platted into lots of about five acres each the 240 acre  
(Williams) tract, joining the Pines lands on west. Bounded  
next to city by Perkins Creek and Pines lands between,  
Buckner Lane Road and Hinkleville Gravel Road. Has 4138  
feet frontage on Buckner Lane Road, said road just  
graveled in front of this land. Has 757 feet front on  
Hinkleville Gravel Road, and plat gives 40 feet cross roads  
through the tract, so that each and every lot fronts either on  
these gravel roads or these newly opened roads. Most of the  
lots front at each end on these roads. No nicer land in Mc-  
Cracken county. The 20 acres front on Hinkleville road has  
nice grove of forest trees on it and lays so as to make ideal  
residence sites.

Price on the Hinkleville road front is \$100.00 per acre, of  
which \$10 acre cash and balance in monthly or quarterly pay-  
ments running five years. All other lots \$65 acre on same  
terms. While these prices are uniform, there is difference in  
desirability of lots and first customers get choice. Come  
and see plat and list men who have taken dozen lots before I  
could get the parcels staked off. For home or investment lots  
you lose opportunity if you fail to take this. On one lot is new  
5-room house which is priced at \$300 additional to cost of  
land at \$65 acre.
